Department of Botany

Field Visit Report

Session: 2022 - 2023

On 21st March 2023, department of Botany organized an event on the occasion of 'World Forest Day'. The theme for world forest day 2023 is 'Forest and Health'. This day celebrates and raises awareness of the importance of all types of forests. In pursuance to the same, a documentary has been presented to the students of B.Sc. After that there was a discussion session regarding the need of forest to continue sustainability and survivability of the ecosystem. 52 students participated with enthusiasm in the event. This was an enlightening session for the students as they got to know that the importance of the conservation of existing forest is as important as planting the new one. Along with this, geotagging of the event was done. It was an informative and factful activity conducted by the department and it was explained about how restoration and sustainable management of forests can help address climate change and biodiversity crisis. A one day nursery visit nearby gram Shiwar Tq. Daryapur was organized on the same day. The field trip was attended by all Botany students along with all Botany staff. The students were versed with young seedlings, indoor, outdoor, plants, medicinal and ornamental plants and their importance in our lives. The students were introduced to various techniques used for plants propagation on the large scale for commercial purposes. They also learnt about providing appropriate artificial living conditions for cultivation of all off-season variety plants along with their protection and final plantation in bags and pots for sale. They enjoyed the field trip to the most and shared their knowledge with others.
