Report on Workshop

"Making Eco friendly Paper bags and Hand Sanitizer"

21

Paper bags are gaining importance as these bags are purely reusable, recyclable and biodegradable. At the same time, it is environment friendly and pose less threat to wild life. Hygiene is practice related to lifestyle cleanliness health and medicine.

Also, same no to plastic Why?? simply because plastic is one of the most hardly recycling material. To overcome this problem Department of Chemistry, organise one day workshop on Paper bag and Hands sanitizer making, we support to use paper bags and maintain hygiene.

The Workshop was held on 10th May, 2022 on Tuesday at 10.00 am. Dr. S. N. Gupta inaugurated workshop. She gave demo on "How to prepare paper bags in short time, it requires less energy for paper bags to be recycled than plastic bags. More than 100 students participated in workshop and feedback was also collected by participants about the different ways of making paper bags. We also distributed e-certificate to students. The motive behind this positive step is being nature friendly by distributing these paper bags free of cost in different places of the city in future.

Ensure for Proper Growth

Name of Project- Conservation With G- Mapping for Endangered Plant.

Aim – Plantation, Conservation of Endangered plant species with G- mapping for regular monitoring the growth of plant.

Method - One or two plant are assigned to each students of **J. D. Patil Sangludkar Mahavidyalaya** with respect to their native place. After assigning plant species students will plant a given plant at appropriate place and will take a geo tag photo which will be **uploaded** to the customized google map. After seven days again students will take again recent Geo Tag photo and same will be **updated** on the map with respect to geological marking with this one can monitor growth of plant after seven days.

Like this various plants will be planted, conserved & its Information will be populated on the Google map of Daryapur region.

Users other than students and Investigators can see information of tree from map in the form of Name of Plant, Name of Conservator, Its medicinal Applications (In Hindi and English Language) & recent geo tag photo.

This is first type of project introduce by **Dr. Sarang D. Dhote & Mr. Rahul Sawarkar** Assistant professor of Department of Chemistry of J. D. Patil Sangludkar Mahavidyalaya, Darayapur.

Report on *Conservation With G-Mapping for Endangered Plant*

Dr. Sarang D. Dhote & Mr. Rahul Sawarkar Assistant professor of **Department of Chemistry** of J. D. Patil Sangludkar Mahavidyalaya, Daryapur first time introduced Conservation With G-Mapping for Endangered Plant.

Under this project we assigned to each student one plant of J. D. Patil Sangludkar Mahavidyalaya with respect to their native place. After assigning plant species students will plant a given plant at appropriate place and will take a geo tag photo which will be uploaded to the customized google map. After seven days again students will take again recent Geo Tag photo and same will be updated on the map with respect to geological marking with this one can monitor growth of plant after seven days. Like these various plants will be planted, conserved & its Information will be populated on the Google map of Daryapur region. Users other than students and Investigators can see information of tree from map in the form of Name of Plant, Name of Conservator, Its medicinal Applications (In Hindi and English Language) & recent geo tag photo.

This project inaugurated by Dr. Dileep Malkhede Ho'ble Vice Chancellor Sant Gadge Baba Amravati University Amravati.on 4th October 2021 by Planting the *Moh* in front of the Administrative Blocks.

The 30 students from B.Sc.II assign the 1 plant sampling and plantation was carried out in the college campus itself sideways of the Babasaheb Sangludkar Memorial Garden. & every week students uploaded the Geo tag Photographs on the Android application developed by Dr.Sarang Dhote and then it upload on the Map. All this activity monitored by Mr.R.G.Sawarkar.

Report on

Workshop on Recent Trends of Examination for undergraduate students

Application is very vital part of knowledge So, the to increase the thinking and applicability of undergraduate students in the recent trends of Examination of Sant Gadge Baba Amravati University Amravati due to the Pandemic the theoretical question papers converted into MCQ type Question to understanding of this type of examination it is very important to arrange such workshops for students hence department of Chemistry, Physics and Botany jointly organized '*Workshop on Recent Trends of Examination for undergraduate students*' from 15th March 2021 to 24th March 2021 on online portal (ZOOM APPLICATION).

The renowned guest speaker were invited for the workshop to enhance the knowledge of the students towards upcoming examinations

➤ **Dr.Amit H.Kalbande**

Asst.Professor Department of Chemistry Sant Gadge Maharaj Mahavidyalaya, Hingna Nagpur.

In the first session Dr.Amit H. Kalbande guided the students on the topic Stereochemistry he took the session how to solve the MCQ type questions for upcoming examinations.

➤ **Mr.Zamir Shekh**

Asst.Professor Department of Chemistry, Shri Shivaji College of Arts, Commerce and Science Akola.

In the second session Mr.Zamir Shekh guided the students on the topic Molecular Spectroscopy he took the session how to solve the MCQ type questions for upcoming examinations.

➤ **Mr.Sandeep Dautpure**

Asst.Professor Department of Chemistry, Shri Shivaji College of Arts, Commerce and Science Chikhali Dt.Buldhana.

➤ **Dr.Vijay S.Nagpurkar,**

Asst.Professor Department of Chemistry, Suryodaya College of Engineering & Technology, Nagpur.

In the fourth session Dr.V.S.Nagpurkar guided the students on the topic Reaction Intermediates he took the session how to solve the MCQ type questions for upcoming examinations.

The image is a screenshot of a Zoom meeting. The main content is a presentation slide titled "Introduction to Stereochemistry". The slide contains the following text:

- **Stereochemistry** is the study of the static and dynamic aspects of the three-dimensional shapes of molecules.
- Nature is inherently chiral because the building blocks of life (- amino acids, nucleotides, and sugars) are chiral and appear in nature in enantiomerically pure forms.

Below the text are several images illustrating chirality: two hands (one blue, one white), a gold coin with a chiral design, a nautilus shell, and two ball-and-stick molecular models of chiral molecules. A small video window in the bottom right of the slide shows a man speaking.

The Zoom interface below the slide shows a grid of participants. The participant "Pratiksha Bhatkar" is highlighted with a yellow border. The chat window on the right shows a list of participants and a chat history with messages from "Pragati Ghadge", "Isha jadhav", "Gayatri Wankhade", and "Nix".

A State Level Workshop on Research Methodology was successfully organized on 19th May 2022 by Department of English and English Research Centre in collaboration with IQAC and Department of Physics in the college. I/C Principal Dr. Arun P. Chandurkar chaired the workshop while Dr. Umesh Ghodeswar from Shri Shivaji Arts, Commerce & Science College, Akola was the resource person. On this occasion, Dr. Umesh Ghodeswar shared his experience with the participants on research. Through his power point presentation he tried to unfold every aspect of research process through which a researcher has to go. While highlighting the major things to be followed by the researchers in their research have been elaborated by him and appealed the researchers to study it in detail to have its full application in their research. A Research method is an integral part of our research design. Therefore, it is said that research methods are specific procedures to be followed by the researcher to complete his research work, he added.

In his presidential address Principal Dr. Arun P. Chandurkar congratulated the organizers, resource person and participants for showing their interest in this event to make it successful and prove it fruitful for all. Research is an unending and continuous process. So, such positive interest and response will surely produce better results for the society, he added.

Report of the Activities

- **Seminar Competition**

Department of Mathematics of our college organized various activities in session 2021-22. In this academic year our department organized seminar competition for B.Sc. II and III year students. On this occasion the students presented their seminars on different topic of mathematics. Seminar Competition was organized for the purpose of diminishing the fear about mathematics and create their interest in the subject. The main objective of this activity is to provide a platform for the students to promote and express their ideas regarding the different topic on mathematics also exchange of academic thought among themselves. All the students of B. Sc. -II and 3rd year are participated in this competition. It is the regular activity of our department.

- **Assignment and Project**

Every semester our department is allotted project and assignment to the students. The students of mathematics completed their project and assignment as well. During this year, the students form the groups of five student and present their project. Some of them also introduced the non-working model on recent trends in mathematics. He completed his assignment by collecting information about mathematics on the Internet. This made the students aware of current developments in mathematics.

- **Bridge Course**

The department of Mathematics also organized Bridge course is for the students of other faculty. This course is organized for the purpose of making mathematics subject to students of other departments of the college so that they can use it. Under this course, mathematics professors go to other departments to guide them about mathematics. Specially commerce and other science students can easily solve their problems about mathematics. This course is increasing students' interest in mathematics in many disciplinary. The Principal of the College Dr.D.S.Thakare expressed satisfaction about this.

- **Academic Activity/Unit Test**

Under the internal marks, the department is allotted project and assignment to the students. Also on every chapter Students' unit tests were conducted at the end of unit. This shows that students are well prepared for their studies. This has the effect of increasing the results of university examination.

- **Poster Making & Presentation**

Under the Internal marks activity our students actively participated in the poster presentation competition. On this occasion most of the students are prepared the mathematical charts and presented their views. Especially the B.Sc.-II and B.Sc.-III year students are involved in this activity. This helped the students to develop confidence and create their interest in the subjects.

- **Extra Coaching /Remedial Teaching**

In this year Department of Mathematics was organized the extra coaching for slow learner under Remedial Teaching course. In this course mainly gives admission to those students in each class who have low marks in the subjects. Such students are created in mathematics by giving extra coaching from mathematics professors. This coaching course is helping to increase the results of the department.

- **Guardian Teacher Scheme**

The Guardian scheme is implemented in every department of our college. The department of Mathematics also planned many activities for the students under the

Guardian scheme. Each teacher has a guardianship of 15-20 students and take their responsibilities for their education and other problems. In this year total 29 students of B.Sc-III year are allotted to the department. Our teaching faculty understanding the educational problems of such students is encouraged in their studies. This is a good benefit for the intelligent and talented students in rural areas in their studies

सांगळुदकर महाविद्यालयात 'कॉमर्स आणि करीयर' मार्गदर्शन कार्यक्रम

देशोन्नती वृत्तसंकलन...

दर्यापूर - स्थानिक जे. डी. पाटील सांगळुदकर महाविद्यालयात कॉमर्स अँड करीयर या विषयावर वाणिज्य शाखेतील द्वितीय वर्गाला असणाऱ्या विद्यार्थ्यांकरिता कार्यक्रम पार पडला.

विभागाद्वारे आयोजित या कार्यक्रमाच्या अध्यक्षस्थानी वाणिज्य विभागाच्या विभाग प्रमुख प्रा. डॉ. मंगला पांडेय होते. यावेळी विद्यार्थी कनिष्ठकर महेश बुंदे यांनी विद्यार्थ्यांना यश संपादन करण्यासाठी अशक्य असे काहीच नसून योग्य मार्गदर्शन मिळाले तर आपण ते सहज साध्य करू शकतो.

विद्यार्थ्यांनी महाविद्यालयांमध्ये उपलब्ध असलेल्या ग्रंथसंपदेचा उपयोग करून घ्यावा. सध्याच्या काळात ऑनलाईन रिजोर्सस उपलब्ध असून ते विद्यार्थ्यांनी योग्य प्रकारे हाताळले तर ज्ञानाचे भांडार मिळाल्याशिवाय राहणार नाही असे प्रतिपादन केले. महेश बुंदे यांनी गरजू, होतकरू विद्यार्थ्यांना मेहनत, स्पर्धा परीक्षा शिवाय भविष्य उज्वल करण्यासाठी दुसरा मार्ग नाही म्हणून विद्यार्थ्यांनी शिकत असतानाच स्पर्धा परीक्षेवर लक्ष केंद्रित करून जीवनाचा योग्य मार्ग निवडावा असे सांगितले. सरतेशेवटी आभार डॉ. मंगला पांडेय यांनी मानले. कार्यक्रमाला विद्यार्थी, विद्यार्थिनी उपस्थित होते.
