Report on Workshop

"Making Eco friendly Paper bags and Hand Sanitizer"

13

Paper bags are gaining importance as these bags are purely reusable, recyclable and biodegradable. At the same time, it is environment friendly and pose less threat to wild life. Hygiene is practice related to lifestyle cleanliness health and medicine.

Also, same no to plastic Why?? simply because plastic is one of the most hardly recycling material. To overcome this problem Department of Chemistry, organise one day workshop on Paper bag and Hands sanitizer making. we support to use paper bags and maintain hygiene.

The Workshop was held on 10th May, 2022 on Tuesday at 10.00 am. Dr. S. N. Gupta inaugurated workshop. She gave demo on "How to prepare paper bags in short time, it requires less energy for paper bags to be recycled than plastic bags. More than 100 students participated in workshop and feedback was also collected by participants about the different ways of making paper bags. We also distributed e-certificate to students. The motive behind this positive step is being nature friendly by distributing these paper bags free of cost in different places of the city in future.

The workshop was hosted by Ms. S. G. Sonone & vote of thanks done by Dr. A. S. Dighade. Dr. P. M. Dahikar (HOD), Dr. A. N. Somwanshi, Mr. R. G. Sawrkar were present for the workshop.
